PRESS RELEASE

FCG Partners with Palantir Technologies to Develop Governance, Risk, and Compliance Solutions for European Clients

FCG, a leading European Governance, Risk, and Compliance (GRC) advisory firm, is pleased to announce a new partnership with Denver, CO based Palantir Technologies Inc. (NYSE: PLTR), a leading provider of data analysis and decision-making software. Together, FCG and Palantir will develop GRC services for clients across a wide range of sectors and geographies throughout Northern Europe.

Palantir's cutting-edge AI technology and experience in data analytics paired with FCG's extensive GRC expertise, will enable customers to leapfrog in tech enablement, ultimately gaining more insights from their business data and improving on their ability to meet GRC obligations such as ESG, AML, and Regulatory Reporting.

"We are very pleased to partner with Palantir Technologies. Our clients face increasingly complex GRC and business challenges, and we believe that our new, joint solutions combining Palantir's advanced technology with our GRC expertise will bring significant value to our clients", says Kristian Bentzer, Group CEO at FCG.

"We look forward to working with FCG to make the Nordic financial sector smarter, more secure, and more sustainable", says Noam Perski, Nordic Lead at Palantir Technologies. *"Combining FCG's unique industry expertise with our ground-breaking technology platform will enable financial institutions to deliver innovative services to their customers faster and more efficiently than ever before."*

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements may relate to, but are not limited to, Palantir's expectations regarding the amount and the terms of the contract and the expected benefits of our software platforms. Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Forward-looking statements are based on information available at the time those statements are made and were based on current expectations as well as the beliefs and assumptions of management as of that time with respect to future events. These statements are subject to risks and uncertainties, many of which involve factors or circumstances that are beyond our control. These risks and uncertainties include our ability to meet the unique needs of our customer; the failure of our platforms to satisfy our customer or perform as desired; the frequency or severity of any software and implementation errors; our platforms' reliability; and our customer's ability to modify or terminate the contract. Additional information regarding these and other risks and uncertainties is included in the filings we make with the Securities and Exchange Commission from time to time. Except as required by law, we do not undertake any obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments, or otherwise.
