

Legal & Compliance Services

AdviseSense has one of the largest teams of specialized insurance consultants on the market. Each team member brings valuable knowledge and experience from working within the insurance industry. We deliver tailored and reliable solutions adapted to the needs of your business, with a strong focus on customer and business value, as well as sustainability, while ensuring compliance with both external and internal regulations.

Our expertise primarily serves insurance companies, insurance intermediaries, occupational pension associations, pension foundations, and captive insurance companies. Regardless of size, AdviseSense's Legal & Compliance team, Insurance is well-equipped to guide you through complex legal and regulatory challenges.

Example of services

- **Interim compliance resources (1st and 2nd line)**
Temporary compliance expertise to meet organisational needs during transitions or periods of change
- **Ad hoc insurance and company legal advice**
When needed, as well as ongoing support in dealing with legal issues arising in the insurance and occupational pensions business.
- **Outsourcing and co-sourcing of compliance functions**
Flexible arrangements to support or manage compliance operations on an outsourced or collaborative basis
- **Captive Insurance**
Outsourced compliance functions for Captive Insurance companies.
- **Expert support in compliance function activities**
Provide specialized assistance to strengthen compliance functions and address complex regulatory challenges in their 1st and 2nd line activities
- **GAP analysis and due diligence**
Identify compliance gaps and ensure alignment with regulatory requirements and best practices
- **Development and implementation of compliance frameworks**
To support efficient and reliable business operations we design internal rules and integrate external regulations.
- **Compliance training and advisory**
Conduct tailored training sessions and provide ongoing advice to Boards, management teams and operational units.
- **Authorization applications**
Be assisted with authorization applications, including the revision and drafting of internal documents.
- **ESG and Sustainability**
Support with hands-on advice and implementation in the ESG-area: Risk and integration, ESG-strategy and reporting and regulation.
- **Horizon scanning and business impact assessments**
Monitor new and amended financial regulations, evaluate their implications, and assist in their impact.
