PRESS RELEASE

Advisense grows the insurance offer in Denmark

Advisense expands insurance services to Denmark and strengthens the support for a transforming industry.

Advisense announces the expansion of its insurance services in Denmark. Since early 2025, the firm has established a dedicated service platform to support Danish insurers with specialist expertise in Governance, Risk and Compliance (GRC), Solvency II, DORA, ESG, and regulatory compliance.

With a strong presence in Sweden and a growing footprint across the Nordics, Advisense is now expanding the insurance team in Denmark to meet increasing demand. Most recently, Jonas Frimodt joins from the Danish Financial Supervisory Authority (Finanstilsynet), bringing valuable regulatory insight and further strengthening the firm's capabilities in the region. Jonas has extensive experience within DORA, Solvency II and GDPR.

"We see a growing need among Danish insurers to navigate both regulatory and strategic challenges. With our pan-Nordic experience and deep sector knowledge, we are well positioned to support the industry in tackling complex and evolving issues," **says Erik Gustafsson, Head of Insurance at Advisense Denmark.**

The launch comes amid growing regulatory scrutiny, with authorities focusing on fair pricing, transparency, and new ESG requirements that impact both investment and product development.

"Our ambition is to be a strategic partner for insurers in Denmark. It's not just about staying compliant – it's about building resilient, forward-looking businesses in a rapidly changing market," **says Mogens Johansen, Managing Director at Advisense Denmark.**
